

Uniform Basics

For complete details of our uniform and dress code, violation procedures, and out-of-uniform requirements please consult the Parent/Student Handbook

At Mother of God School, uniforms are an intentional decision. Uniforms nurture a sense of unity and belonging. It distinguishes us from other schools. Students do not give up self-expression at the door, instead, uniforms foster true freedom by learning valuable lessons in self-expression, professionalism, and respect for others. By wearing the uniform correctly and with pride, our students demonstrate their commitment to the traditions and values that define our school. We believe that when students are dressed in a uniform, they can better focus their energies on academic pursuits and personal growth as a child of God. Parents, please join us in this pursuit by ensuring that your children are dressed in a clean and proper uniform each day. If there is ever a legitimate need to be out of uniform, a note from the parent/guardian must be written or emailed to the homeroom teacher.

Uniforms may be purchased from Lands End and Flynn and O'Hara. Used uniforms may be donated and taken from our used uniform closet.
